

The image shows a wall-mounted cabinet. It features a thick, dark-stained wooden shelf. Below the shelf, there are several vertical ceramic columns of varying heights, finished with a glossy, golden-yellow epoxy. The background is a plain, light-colored wall.

Cabinets

Floris Wubben

Wall cabinet made of ceramics and finished in epoxy. Inspired by the architecture of war bunkers. First presented at Design Miami/Basel 2019. Specially developed colours on request. Wooden shelves and columns supplied separately.
